32. Where a postal article has been received by post from any place beyond the limits of British India, bearing a fictitious or previously used postage stamp, and the addressee of such postal article has failed to attend, by himself or his agent, at the post office of delivery within the time specified in the notice sent to him in that behalf, or, having so attended, has refused to make known the name and address of the sender or to re-deliver the postal article or such portion thereof as may be required under section 27 of the Act, and, in consequence of such failure or refusal, the postal article has not been delivered to the addressee or his agent, the postal article shall be disposed of in the following manner:—

The officer in charge of the post office at which the postal article has been received for delivery shall record a statement, in such form as the Director-General shall prescribe, setting forth such facts as may be known or ascertained as to the nature of the article and the fact of such failure or refusal, or otherwise as the post office of delivery or his agent; and shall forward the statement, together with the postal article, through the usual channel, to the Director-General.

The Director-General shall then, in due season, transmit the statement, together with the postal article, to the Postal Administration of the place beyond the limits of British India from which the article was received.

## PART III.—REGISTRATION OF POSTAL ARTICLES.

## I.—INLAND POSTAL ARTICLES.

34. In addition to the postage, a fee of two annas shall be charged for the registration of any postal article.

35. The payment of the postage and registration fee shall be compulsory in the case of all registered articles, and shall be made by means of postage stamps affixed to the article.

36. An article intended for registration shall be presented at the window of the post office. No such article shall be accepted for registration if it is so small or so covered with wrappings or sealings, or otherwise made up in such a manner, as to render it impracticable to affix to the article the official labels prescribed by the Director-General.

REMARKS.—This rule shall not apply to an article which has an address-label tied to it, provided that the label is not so small or so covered with wrappings as to render it impracticable to affix to that side the official labels prescribed by the Director-General.

37. A receipt shall be given to the person who presents any article for registration at the post office window during the hours prescribed for posting registered articles.

38. No registered article shall be delivered to the addressee and until he or his agent has signed a receipt for it in such form as the Director-General shall prescribe.

39. The sender of a registered article shall be entitled to obtain an acknowledgment of its delivery, signed by the addressee, by paying a fee of one anna, in addition to the postage and registration fee, at the time of posting the article. The fee for a special acknowledgment shall be paid by means of postage stamps affixed to the article.

40. The sender of a registered article may obtain an interest-free copy of the original receipt signed by the addressee on payment of a special fee of three annas, provided that he makes his application for it within six months of the date on which the addressee signed the original receipt.

41. Regulations shall be obligatory in the case of—

(a) Any parcel exceeding 400 taels in weight.

(b) Any insured parcel.

(c) Any parcel addressed to a place for which a customs declaration is required.

(d) Any article containing postage or other stamps or labels or a cheque, bond, bank-note, bankpost bill, bill of exchange, or the like, if the contents are either enciphered upon the cover or are leaves or inserted in the covers of the post office owing to the immaturity, insecurity, or unsuitability of the cover, or in any other case.

(e) Any article bearing the word "registered" or any other word, phrase, or mark in the like effect written or impressed on the cover.

(f) Any registered article which is re-posted after having been delivered.

EXCEPTION.—Nothing in this rule shall be held to render registration of a packet compulsory only by reason that it contains a stamped envelope, postcard, or wrapper as provided by the explanation to rule 13.

(2) Twice the fee for registration shall be levied on the delivery of any postal article required under this rule to be registered on which the fee for registration has not been prepaid.

#### II.—FEE FOR REGISTRATION.

42. Letters, postcards and packets may be registered at any post office for transmission to countries and places served by the foreign post, subject to such exceptions as the Director-General shall, from time to time, notify in the *Post Office Guide*.

43. In addition to the postage, a further fee of two annas shall be charged for the registration of any article to be sent by the foreign post.

44. The payment of the postage and registration fee on foreign registered articles shall be compulsory, and shall be made by means of postage stamps affixed to the articles.

45. Rules 26, 27 and 28, relating to the registration of inland postal articles, shall be equally applicable to registered articles sent as received by the foreign post.

46. The sender of a registered article addressed to any country belonging to the Universal Postal Union shall be entitled to obtain an acknowledgment of its delivery by paying a fee in addition to the postage and registration fee, of one anna in the case of a registered article addressed to Ceylon or Portuguese India, and of two annas in the case of a registered article addressed to any other such country.

(2) When the sender of a registered article addressed to any country belonging to the Universal Postal Union has not paid the fee for an acknowledgment of its delivery and desires to have an enquiry made by the post office regarding the disposal of the article he shall be entitled to the service on payment of the same fee as that chargeable for an acknowledgment of delivery.

#### PART IV.—INSURANCE OF POSTAL ARTICLES.

##### L.—INLAND POSTAL ARTICLES.

47. Registered letters, value-payable registered letters, registered parcels, and value-payable registered packets may be insured up to the value of Rs. 500 at each branch post office, and up to the value of Rs. 7,500 at each other post office, as may be authorized by the Director-General to accept articles for insurance.

Provided that in no case shall the value exceed the real value of the contents of the article insured.

48. Insurance shall be of two kinds, complete and partial. Complete insurance shall cover all risks in course of transmission by post. Partial insurance shall cover all risks in course of transmission by post in British territory and all risks, except those arising out of highway robbery, in course of transmission by post in such Native State territory as may be specified in this behalf by the Director-General in the *Post Office Guide*.

49. In addition to the postage and the fee for registration, the following further fees shall be charged for insurance:—

Where the value insured does not exceed Rs. 50 .. .. . One anna.

For every additional Rs. 50 or fraction thereof .. .. . One anna.

The further fee in the case of partially insured articles shall be charged at only half the above rates.

50. The prepayment of all charges on insured articles, namely, postage, registration, fee and insurance fees, shall be compulsory. Payment in all cases shall be made by means of postage stamps affixed to the articles.

51. Every letter tendered for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fine wax bearing a private mark, in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. Envelopes with black or colored borders must not be used. Seals must be placed over each flap or seam of the cover; and if the cover is tied round with string or tape, a seal must be placed on the ends where they are tied.

(2) Every parcel tendered for insurance must be packed securely and substantially with due regard to the nature of the contents and the length of the journey, and must be sealed with wax or lead, bearing a private mark, in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. Seals must be placed over each join or loose flap of the covering of a parcel; and, if string is used in packing, a seal must be placed on the ends of the string where they are tied.

(3) All the seals affixed to an insured postal article shall be of the stampkind of wax and shall bear distinct impressions of the same device. The device shall not be that of a current coin or merely a series of straight, curved, or crossed lines.

12. No postal article shall be accepted at any post office for insurance if it is so small or so covered with writing or soaking wax on the address-side, or otherwise made up in such a manner, as to render it impossible to affix to the article the official labels provided by the Director-General.

EXPLANATION.—This rule shall not apply to an article which has an address-label fixed to it provided that the label is not so small or so covered with writing as the address-side as to render it impossible to affix to that side the official labels provided by the Director-General.

13. An article intended for insurance shall be presented on the window of the post office with the amount for which the sender wishes it to be insured, clearly written, in words and figures, on the cover. The name and address of the sender shall also be written on the cover in the lower left-hand corner, or on a separate slip of paper, to be preserved with the article, should there be no room for his name and address on the cover.

14. A receipt shall be given to the person who presents an article for insurance at the post office window during the hours prescribed for posting insured articles.

15. The owner of an insured article shall be entitled to obtain, free of charge, an acknowledgment of its delivery signed by the addressee.

16. There shall be payable to the owner of an insured postal article compensation not exceeding the amount for which the article has been insured, for the loss of the postal article or any of its contents or for any damage caused to it in course of transmission by post.

Provided that the compensation shall in no case exceed the value of the article or any of its contents lost or the amount of the damage caused, and provided that in the case of loss the sender shall furnish full particulars of the contents of the postal article and their value.

Provided, also, that no compensation shall be payable—

- (a) where there has been wilful or negligent loss or destruction or incompleteness of the address written by the sender;
- (b) where there has been fraud on the part of the sender or addressee;
- (c) where the insured article has been delivered to the addressee and he has signed and returned the receipt therefor;
- (d) where the sender has not given intimation of the loss within three months from the date of posting;
- (e) where the loss or damage was due to improper or fraudulent packing;
- (f) where there is no visible damage to the cover or seals;
- (g) in the case of partially insured articles, where the loss or damage was caused by highway robbery during the transit in respect of which the insurance is period only;
- (h) in the case of the loss of halves of monetary notes, where the halves which are lost have not been sent over to the post office;
- (i) in the case of damage arising from the action of the article insured; or
- (j) where the contents of the insured postal article were gold coins or gold bullion of a value exceeding Rs. 500.

17. Compensation shall be payable one month after the date on which intimation of loss is given by the sender to the post office, except in cases in which the Director-General may consider that the circumstances demand the withholding of payment pending inquiry.

18. Coins, bullion, precious stones, jewellery, monetary notes or any portion thereof and articles of gold or silver may be sent by post only as insured registered letters or insured parcels. If a letter or parcel presented at the post office window is found to contain any such object of value, it shall not be accepted for transmission by post, unless the sender insures it; and if an uninsured article manifestly containing any such object of value is found in course of transmission by post, it shall be either intercepted and returned to the sender or forwarded to destination and delivered to the addressee, subject to the payment of a fee of acceptance. The payment of this fee shall not impose any liability on the Government.

EXPLANATION.—In this rule, the expression "articles of gold or silver" includes articles made wholly or partly of gold or silver, but not electro or other plated goods. The expression "monetary notes" does not include deferred notes, i.e., notes from which the signature has been cut off after cancellation, received on behalf of the Currency Department.

## II.—FURTHER SPECIAL ARTICLES.

19. The Director-General shall, from time to time, notify in the Post Office Guide the countries and places to which foreign registered letters and foreign parcels may be insured, and the limit up to which such letters or parcels may be insured in such cases.

Provided that in no case shall such value exceed the real value of the contents of the letter or parcel insured.

20. In addition to the postage and (in the case of letters) the registration fee, the following further fees shall be charged for insurances:—

For insurance to *Cyprus and Portuguese India*—

Where the value insured does not exceed Rs. 500	..	..	..	Two annas.
For every additional Rs. 100 or fraction thereof	..	..	..	Two annas.

For insurance of letters and parcels to *Malacca, the British East Africa and Uganda Protectorates, and the Somaliland Protectorate, and of parcels to the Seychelles or Zanzibar*—

Where the value insured does not exceed £5	..	..	..	Three annas.
For every additional £5 or fraction thereof	..	..	..	Three annas.

44. The prepayment of all charges on insured foreign registered letters and parcels shall be compulsory. Payment in all cases shall be made by means of postage stamps affixed to the letters or parcels. The stamps must be placed apart from one another, so that they may not serve to conceal injuries to the cover of the letter or parcel. No label of any kind shall be affixed by the sender to the cover of a letter intended for insurance.

45. Every foreign letter intended for insurance must be enclosed in a strong cover, which must be securely fastened and sealed with fish wax bearing a private mark, in such a way that it cannot be opened without either breaking the seals or leaving obvious traces of violation. Envelopes with black or coloured borders must not be used. Seals must be placed on each flap or seam of the cover; and if the cover is fastened with string or tape, a seal must be placed on the ends where they are tied.

(2) Every foreign parcel intended for insurance must be packed snugly and substantially, with due regard to the nature of the contents and the length of the journey, and must be sealed with wax or lead, bearing a private mark, in such a way that it cannot be opened without either breaking the seal or leaving obvious traces of violation. Seals must be placed over each joint or loose flap of the covering of a parcel; and, if string is used in packing, a seal must be placed on the ends of the string where they are tied.

(3) All the seals affixed to an insured foreign letter or parcel shall be of the same kind of wax or lead and shall have distinct impressions of the same private device. The device shall not be that of a straight line or merely a series of straight, curved or crossed lines.

46. No foreign letter or parcel shall be accepted at any post office for insurance if it is so small as to be covered with writing or sealing-wax on the address-side, or otherwise made up in such a manner, as to render it impossible to affix to it the official labels prescribed by the Director-General.

EXPLANATIONS.—This rule shall not apply to a letter or parcel which has an address-label tied to it, provided that the label is not so small or so covered with writing as, the address-side as to render it impracticable to affix to it the official labels prescribed by the Director-General.

47. A foreign letter or parcel intended for insurance shall be presented at the window of the post office with the assent for which the sender undertakes it to be insured, clearly written, in words and figures, without errors or corrections on the cover and accompanied by such form or forms duly filled up as may be prescribed by the Director-General, from time to time, in the *Post Office Guide*. The name and address of the address of a foreign letter or parcel intended for insurance shall be written in ink on the sealed cover of the article.

48. A receipt shall be given to the person who presents a foreign letter or parcel for insurance at the window of the post office during the hours prescribed for posting insured foreign articles.

49. There shall be payable to the sender, or, in default or at the request of the sender, to the addressee of a foreign letter or parcel which has been insured by the Post Office of India, all claims in India, compensation not exceeding the amount for which the article has been insured, for the loss of the article or its contents or for any damage caused to it in course of transmission by post; and the sender shall, in case of loss, also be entitled to a refund of the expenses of transmission as well as of any fee that he may have paid for an enquiry as to the disposal of the article, but in no case to a refund of the insurance fee paid.

Provided that the compensation shall be no more exceed the value of the article lost or the amount of the damage caused:

Provided, also, that no compensation shall be payable—

- where the loss or damage has been caused by the fault or negligence of the sender, or arises from the nature of the article;
- where the insurance has been fraudulently made for a sum above the real value of the contents, or there has been any other fraud on the part of the sender or addressee;
- where the insured article has been delivered to the addressee and he has signed and returned the receipt therefor;
- where the sender or addressee has not given intimation of the loss or damage within twelve months from the date of posting;
- where there is no visible damage to the cover at sealing; or
- in cases beyond control, (e.g., tempest, shipwreck, earthquakes, war, etc.).

(2) The Secretary of State for India in Council accepts no liability either to the sender or the addressee for any loss or damage in respect of any foreign letter or parcel which was not posted in India and insured by the Post Office of India.

50. Where a foreign parcel contains coin, bullion, precious stones, jewellery, or articles of gold or silver, it shall not be accepted for transmission by post unless the sender wishes to insure it. If a foreign parcel containing any such object of value is addressed to a country or place in which insurance is not available, the parcel shall be returned for the insured treasure within the limits of British India, and in such cases the fee charged for insurance shall be calculated as follows:—

When the value is estimated to represent—

Where the value insured does not exceed Rs. 50 .. .. .	One anna.
For every additional Rs. 50 or fraction thereof .. .. .	One anna.

When the value is expressed in sterling—

Where the value insured does not exceed £5 .. .. .	One anna.
For every additional £5 or fraction thereof .. .. .	One anna.

(3) If an insured foreign parcel, delivered to contain or apparently containing any of the objects of value specified above, is returned from a country with which, as notified by the Director-General in the *Post Office Guide*, insured parcels may be exchanged, the parcel shall either be interrupted payment of value of the contents. The payment of the fee shall not impose any liability on the Secretary of State for India in Council.

**Explanation.**—In this rule the expression "articles of gold or silver" includes articles made wholly or partly of gold or silver, but not articles of silver plated goods.

58. Where an insured foreign letter which has been undelivered, or an insured foreign parcel which has been re-delivered or returned as undeliverable, is returned to India, subject to a fresh payment fee by reason of its having been so re-delivered or returned, such fee shall be recoverable on delivery as if it were postage due under the Act.

#### PART V.—VALUABLE POST.

##### 1.—VALUABLE FOREIGN ARTICLES.

59. Registered and unregistered parcels, registered letters, registered book packets, newspapers prepaid at newspaper rates of postage and fully prepaid unregistered book packets, may be transmitted by the inland post as value-payable postal articles, provided that the amount specified for remittance to the order in the case of any such postal article shall not exceed Rs. 1,000 and—except in the case of postal articles sent by, or addressed to, any Department of the Government or a District, Local, or Municipal Board, shall not contain a fraction of an anna, and provided that such parcels, letters, and packets do not contain weapons, tobacco, medicines or ingredients designed for the sale of goods on what is known as the "sacred" system.

**Explanation.**—The words "any Department of the Government" include any office Department of the Government of a Native State, the posts of which have been amalgamated with the Imperial Post.

60. Postal articles as aforesaid, with the exceptions stated below, may be transmitted by post to Ceylon, Portuguese India, the Southland Protectorate, and the Straits Settlements as value-payable postal articles, provided that the amount specified for remittance to the order in respect of any such postal article shall not exceed Rs. 500 and shall not contain a fraction of an anna, and provided that such parcels, letters and packets do not contain weapons, tobacco, medicines or ingredients designed for the sale of goods on what is known as the "sacred" system.

**Exception.**—Ceylon.—Unregistered parcels and post railway receipt-notes.

Portuguese India and Southland Protectorate.—Unregistered parcels, post railway receipt-notes, unregistered book packets, and newspapers prepaid at the newspaper rates of postage.

Straits Settlements.—Unregistered parcels, post railway receipt-notes, unregistered book packets, newspapers prepaid at the newspaper rates of postage, and bills of lading.

71. No such postal article as aforesaid shall be accepted at any post office for transmission by post as a value-payable postal article unless the sender declares that it is sent in accordance with a *low fee* order received by him. At any post office notified from time to time in this behalf by the Director-General of the Post Office, the sender shall, in addition, be required to declare that the article is sent for transmission of which, by post as a value-payable postal article is permitted. No postal article as aforesaid shall be accepted at these offices without such further declaration.

**Explanation.**—An article may be sent by the value-payable post even though it possesses an intrinsic value. Thus, legal documents, bonds, journals of insurance, promissory notes, railway goods and parcel receipts, bills of lading or ordinary bills for collection may be sent as value-payable postal articles. In the case of a railway receipt or bill of lading such as a value-payable postal article, it will be sufficient for the purpose of this rule if the article to which the railway receipt or bill of lading refers, has been sent in execution of a *low fee* order. In the case of the other documents specified the document must be sent in execution of a *low fee* order to send the document itself.

72. Every postal article intended to be transmitted by post as a value-payable postal article shall be presented at the post office with a printed form, prescribed by the Director-General, and receivable at the post office, in which the sender shall specify the sum to be remitted to himself, fill in the required entries, and sign the declaration required by rule 71. If the article is an unregistered parcel, unregistered book packet, or newspaper prepaid at newspaper rates of postage, a fee marked according to the schedule below on the amount specified for remittance to the order shall be prepaid by the sender by affixing postage stamps of the value of the fee to the article itself. The sender of a postal article intended to be transmitted by post as value-payable shall write clearly on the face of the article itself—

(a) in the upper left hand corner—the letters "V. P.," followed by an entry, in *figures and words*, of the amount for remittance to himself, and

(b) in the lower left hand corner—his own name and full address.

##### Schedule of fees.

Amount specified for remittance to sender.	not exceeding Rs. 5 ..	1 anna.
	exceeding Rs. 5, but not exceeding Rs. 10 ..	2 annas.
	exceeding Rs. 10, but not exceeding Rs. 15 ..	3 annas.
	exceeding Rs. 15, but not exceeding Rs. 25 ..	4 annas.
	exceeding Rs. 25 ..	5 annas.
	exceeding Rs. 50 ..	6 annas.

For the remainder, provided that if the remittance does not exceed Rs. 5, the charge for 5 shall be only one anna; if it does not exceed Rs. 10, the charge for 10 shall be only 2 annas, and if it does not exceed Rs. 15, the charge for 15 shall be only 3 annas.

73. No article shall be accepted at any post office for transmission by post as a value-payable postal article if it is so small or so covered with writing or sticking-on as to render it impracticable to write to the addressee, or otherwise made up in such a manner, as to render it impracticable to show to the addressee the address prescribed by the Director-General.

**Exemption.**—This rule shall not apply to an article which has an address label fixed to it provided that the label is not so small or so covered with writing on the address-side as to render it impracticable to affix to the label the official label prescribed by the Director-General.

74. The amount to be recovered from the addressee shall be the sum specified by the sender for postage to himself plus, in the case of registered parcels, registered letters, and registered book packets, a fee calculated as in rule 73. When this amount is recovered from the addressee, the sum payable to the sender shall be remitted to him by means of a money order. If the addressee of a value-payable article refuses or omits to take delivery of it, the article shall be returned to the sender, who will be required to pay any charges that may be due on it, and to acknowledge receipt of the article by signing the form presented by the postman. In no circumstances will the fee prepaid on articles in the case of a value-payable unregistered parcel, unregistered book packet, or newspaper be refunded.

75. If a complaint is made by the addressee immediately after the receipt of a value-payable postal article, that it was sent dishonestly or fraudulently, the Postmaster-General may, if satisfied that there are prima facie grounds for believing that the value-payable postal article was sent with the intention of defrauding the addressee, withhold the payment to the sender of the money recovered from the addressee. If, after making such enquiries as may be necessary, he is fully satisfied that the value-payable postal article was sent with this intention, he may order the return of the article to the sender and refer to the addressee the sum of money recovered from him on delivery of the value-payable postal article.

76. Whenever the sender or addressee of a value-payable postal article makes a complaint regarding the delivery of or payment for the value-payable postal article, he shall be entitled to have an enquiry made by the post office on paying a fee of one anna. The fee shall be paid by means of a postage stamp or stamps affixed to the letter of complaint. This fee shall be refunded in cases where the complaint is found to be well-founded.

77. The Government shall not incur any liability in respect of the sum specified for remittance to the sender in respect of a value-payable postal article unless and until that sum has been received from the addressee.

#### II.—TRANSMISSION BY POST OF RAILWAY RECEIPT-NOTE OPEN AS VALUE-PAYABLE ARTICLE.

78. A railway receipt-note for goods may be transmitted by post open as a value-payable postal article:

Provided that—

- (a) the goods to which the railway receipt-note relates, does not exceed Rs. 1,000 in value; and
- (b) the railway receipt-note shows on its face that the goods to which it relates, have been consigned to the sender himself, is addressed to the person to whom the goods are to be delivered, and is signed by the sender.

79. The open railway receipt-note shall be presented, at the post office, with the post-paid form prescribed by the Director-General for registered value payable postal articles, in which the sender shall specify the sum to be remitted to himself, fill in the required entries and sign the declaration that the article is sent in execution of a bona fide order received by him.

80. A fee of two annas shall be paid on each railway receipt-note presented for transmission by post open. The fee shall be paid in postage stamps, which shall be affixed by the sender to the receipt-note.

81. The post office will transmit the open railway receipt-note to the post office of destination, and will deliver it on payment of the amount recoverable to the person to whom it has been addressed by the sender, in such manner as the Director-General may from time to time appoint for the delivery of registered value-payable postal articles.

82. The amount when recovered will be remitted to the sender in accordance with the rules for the time being in force relating to registered value-payable postal articles.

83. A railway receipt-note for goods may be transmitted by post open under the foregoing rules, subject compliance with the conditions laid down in the second proviso to rule 78, if it—

- (a) relates to goods sent between stations on such railways as are for the time being specified in this behalf by the Director-General in the Post Office Circular; or
- (b) shows on its face that the goods in question have been declared at the booking office as being sent under the value payable system.

84. These rules apply also to receipt-notes for goods conveyed by steamer within the limits of British India.

85. Nothing in these rules shall be construed to prevent the transmission by post of receipt-notes under the rules for the time being in force relating to the value payable post generally.

#### PART VI.—MONEY ORDERS.

##### I.—ISSUE OF MONEY ORDERS.

###### Ordinary inland money orders.

86. The amount for which a single money order may be issued shall not exceed Rs. 500 and—except in the case of money orders issued by, or in favour of, any Department of the Government, or by, or in favour of, a District, Local, or Municipal Board,—shall not include a fraction of an anna.

Whereas it is expedient to amend the Indian Companies Act, 1912: It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Companies (Amendment) Act, 1913.

2. After section 23 of the Indian Companies Act, 1912 (hereinafter referred to as the said Act), the following sections shall be inserted, namely:—

" Directors.

Division of property.

23A. Every company other than a private company shall have a director or directors.

Appointment of directors. 31B. In default of and subject to any regulations in the articles of a company other than a private company—

- (a) the shareholders of the memorandum shall be deemed to be the directors of the company until the first directors shall have been appointed;  
 (b) the directors of the company shall be appointed by the members in general meeting; and  
 (c) any casual vacancy occurring among the directors may be filled for the remainder of the term by the continuing directors.

Provided that this section shall not apply to a company limited by shares as long as each firm or the members thereof hold an absolute beneficial interest and act jointly as trustees not less than three-fourths of the total number of the shares in the company which confer on the holder the right to vote at a general meeting of the company.

Section of new Act. 3. After section 31 of the said Act, the following sections shall be inserted, namely:—

31A. (1) When by the articles of a company a director is permitted to contract with the company, such director, if he is directly or indirectly concerned or interested in any contract or arrangement entered into by or on behalf of the company, shall disclose the nature of his interest at the meeting of the directors at which the contract or arrangement is determined as if he agreed that such, or in any other case at the first meeting of the directors after the acquisition of his interest or the making of the contract or arrangement, and such director shall as a director vote in respect of any such contract or arrangement; and if he does so vote, his vote shall not be counted.

- (a) the contract shall, at the option of the company, be void or enjoinable to the company, and  
 (b) such agent shall be liable to a fine not exceeding two hundred rupees."

#### STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to supplement the Indian Companies Act, 1913, in respect of certain matters relating to the internal management of companies. This supplemental legislation was considered recommendable by the Select Committee of the latter Bill in view of the system, in a large extent peculiar to India, by which some companies are managed by firms of Managing Agents whose relationship to the companies they manage is different from that of a director in the company in England. The Select Committee was of opinion that, in view of the intricate provisions of these provisions and the fact that they had not been brought before the country, they should be circulated before taking their place in the law. The provisions of this Bill are designed to secure first, that every company should have directors annually, that the majority of the directors of every company shall be independent of the Managing Agents, exception being made in the case of private companies and of companies in which the Managing Agents themselves hold a predominant voting power; and, secondly, that the interested director, who discloses their interest in contracts to the other directors, and, in the case of contracts appointing Managing Agents, or any variations of such contracts, to the shareholders; fourthly, that in the case of contracts by agents of a company, other than a private company, in which the company is an undisclosed principal, a memorandum in writing of the terms of the contract shall be made and transmitted to the company. It is proposed that this Bill should come into operation on the same date as the Indian Companies Act, 1913, namely, on the 1st April 1914.

The 15th April 1913
